

Welcome to Gary Mitchell's page for project 'The Algorithm Section'.

Page last updated 15th October 2021 - see '[Shop](#)' for product.

FORMATION AND INITIAL LODGEMENT

Genius is a superlative that's bandied about far too often these days – so I won't be using it here. The best and most accurate way to describe these three ageing numpties would be 'infirm and mostly adequate'.

It all started in late 2020, when ARCHIE ANDREWS started writing and publishing his scripts on his FB page '*Sketchy At Best...*' His old chum of nearly 40 years, JONATHAN RUSSELL, liked what he saw and invited his former RADIO BOSCOMBE bandmate, GARY MITCHELL, to take a look. Gary felt a tingle in his creative loins that he hadn't enjoyed since the early Renaissance - and a beautiful collaboration began (as opposed to collaboration with occupying Nazis - which never goes well).

During lockdown the trio began rehearsing and developing each other's material and ideas via Zoom, Skype and Virtual Hamster – GRAHAM ANDREWS' good lady LISA ANDREWS helping out on occasion, along with artisanal crofteress TERI JACKMUM, and her talented writer offspring, JACK.

The rest - as they say – is domestic science.

Material now available in the form of first album '*Recollections May Differ*' – some of it an adult nature – so if you don't want to know the score, look away now...

MOVING FORWARD

Following the success of *'Recollections'* – still available as a CD or download – the group reassembled in September 2021, at ARCHIE'S, to work on new material, as well continuing to record and liaise online, via Virtual Hamster (other CGI'd rodents are available).

The results are about to be released in time to populate Santa's bulging sack, in time for < GOSUB = INSERT PREFERRED NAME OF NORTHERN HEMISPHERE MIDWINTER FESTIVAL HERE = /GOSUB>.

To be called, *'Tales From A Simpler Time'*, it will contain some thought-revoking experimental themed content – in addition to more conventional jokes about ladies' underwear. 'We're using more digital technology', explains electronics wizard ARCHIE. 'Without neglecting traditional, artisanal, analogue, craft techniques', added grumpy old GARY. 'Can I please have another *'Toffee Crisp'*'?* JONATHAN, meanwhile politely demanded.

The group also have plans for a third album for 2022, and to perform live later in the year.

*Other chocolate bars are available. Always read the label. Over 18s only, terms and conditions apply. Not available in the ROI.

BIBLIOGRAPHIC STUFF (only complete takes included – does not include demos before group's formation or remixes or twerking)
